Son Of Y-12er Wins First Prize In State For Model Auto Body In Contest Staged By Fisher Body Co.; Awarded Cash, Certificate

2-year-old son of a Y-12er flair for design and who is with tools has won high in a design and craftsmanship contest sponsored by the Craftsman's Guild of the Fisher Body Co. The lad is Ernest R. Watkins, Jr., whose father is department superintendent of the Maintenance Shops Department.

Young Watkins won first place in Tennessee, junior division, of the competition in designing and constructing a model automobile body. He was awarded a \$150 cash prize, a handsome gold ring and a certificate reading "In recognition of his talent, skill and demonstrated in praiseworthy automobile which he built to his own original design and entered in the 1952 national competition sponsored by the Craftsman's Guild."

The competition was staged in Detroit, Mich., August 19, and hundreds of entries from all over the country were exhibited. The Fisher Body Co. sponsored the contest to obtain ideas for future automobile design.

ERNEST R. WATKINS, JR., whose dad is superintendent of the Maintenance Shops Department in Y-12, and his prize-winning model automobile.

months in constructing his model, his father explained. The model

is built to scale of one inch to one foot for the proposed finished automobile and actually is 16 and 3/4 inches long. It is carved out of a solid laminated block of pine and the trim is scrap aluminum attached to the wood by small The windows are painted

The youth did all of the work in his father's garage and work-shop in Knoxville and the Y-12er is quite proud of his son's achievement, believing it excellent training for the lad, as well as for other youngsters in teaching them to work with both their hands and

their heads.
Young Watkins first was interested in entering the Fisher firm competition during his last school year, when a company representative outlined details of the contest in the school classroom where the boy was a student. Ernie started first with free hand sketches of what he believed an automobile of Young Watkins spent about six then prepared scale drawings from the future should resemble and the sketches. He drew about 30

Chemical Lists Four Y-12ers For Promotion

Four Y-12ers in the Chemical Division have been selected for this week's sketches and pictures of employees who have earned promotions since July, 1951. This the eighth series of such sketches published in The Bulletin. Following are the four Chemical Division employees advanced during the past several months.

R. Butler

Butler.

D. T. Cook

Richard Butler-A Y-12 oloyee since October, 1943, Butler now is working in the Administrative Product Dept. in Bldg. 9212. On July 1, 1951, he was promoted from chemical operator to assistant process foreman. Butler was mar-ried in 1940 and he and his wife, Mrs. Barbara Butler, live at 105 Marion Road, Oak Ridge. They Marion Road, Oak Ridge. They have one daughter, Ida Virginia

Danty T. Cook-Also a Y-12er since 1943, Cook now is working in the Administrative Normal Department in Bldg. 9212. He was promoted from machinist to assistant foreman on May 1, 1952. Cook commutes from his home in Clinton where he lives with his wife, Mrs. Reba Aileen Cook and four children, Larry, David, Linda and Dana Lee

H. C. Nichols H. L. Horne

Howard L. Horne—Coming to work in Y-12 on October 16, 1950, Horne is working in the Administrative Product Department in Bldg. 9212. He earned his promotion from chemical operator to junior engineer on March 1, 1952. Horne and his wife, Mrs. Margie Horne, who were married on March 16, 1946, live at 195 Ver-mont Ave., Oak Ridge. They have no children.

Hugh Chandler Nichols-Nichols has been a Y-12 employee since 1946 and now is employed in the Administrative Product Dept. in Bldg. 9212. On July 1, 1951, promotion chemical operator to assistant process foreman. He was married in 1946 and he and his wife, Mrs. Martha Nichols, live at 111 Underwood Road, Oak Ridge. They have one child, Hugh C. "Lucky" Nichols, Jr.

MATH SAID NOT NEEDED

Wolfgang Finkelnberg, a physicist at the Fort Belvoir Atomic Laboratory, writes in the magazine "Physics Today" that the basic idea of atomic physics "can be explained without a prohibitive amount of mathematics."

4,408 In Y-12 Eligible To Get Safety Awards

Selection Committee Will Choose Articles At Meeting Today

More than 4,000 Carbide employees in the Y-12 plant area are eligible to receive individual safety awards for their part in aiding the plant establish a string of 2,218,145 hours of operations without a lost time accident. They are the 3,773 employees on the Y-12 payroll and 635 from Oak Ridge National Laboratory working in the Y-12 area and participating in the safe working period, from January 5 to April 6, inclusive, a total of 4,408. Sixth Period Established

It was the sixth time the Y-12 plant has operated more than 1,500,000 man-hours without a disabling accident to win recognition nition from the Company. the first period established back in 1948 and 1949 a handsome bronze plaque was presented the plant on behalf of the safely working employees. For each succeeding period of more than 1,500,000 hours of operations without a lost time accident the plant has received a service bar to match the plaque.

A plant Safety Award Selection Committee will meet at 10 o'clock this morning, Wednesday, September 17, to choose a list of seven articles from which Y-12ers will make their final choice of individual awards. The committee was announced last week and has asked for suggestions from fellow employees on the articles considered most suitable. The committee will meet in Conference Room 204, Bldg. 9704-2.

Reminders Of Safety

In presenting the service bar and the individual awards, the Company points out that they should be constant reminders of the importance and value of safe operations in the plant. Every hour of work without a lost time accident pays dividends both to the individual Y-12ers and to the Company. The employee enjoys continued health and freedom from pain and loss of time that results from a disabling accident. Company receives the additional efficiency from full time operations unhampered by absence from work by injured employees.

So everyone wins when work is handled safely throughout the

Cross Section Represented The committee that will pick the individual award samples today is composed of Y-12ers from every division in the plant and their selections will represent the opin-Continued on Page 4

Y-12ers Will Attend Metallurgy Meeting

problems will be the theme of the meeting Thursday and Friday in Oak Ridge of the American Society For Metals chapters in Atlanta, Oak Ridge, Birmingham and Chattanooga. Many Carbide em-ployees from Y-12 and the other Company units in Oak Ridge will attend the sessions.

The technical sessions will be held Thursday with speakers being Joseph E. Burke, of the Knolls Atomic Power Laboratory; and G. E. Evans and D. S. Billington, both of Oak Ridge National Laboratory. L. K. Jetter, of ORNL, will be chairman. Following the technical meeting, a dinner will be held at the Oak Terrace with E. C.

Miller, of ORNL, toastmaster.

The visiting metallurgists will be taken on an unclassified tour of ORNL and the American Museum of Atomic Energy Friday.

'20 Questions' Quiz On Fire Prevention Proposed For Y-12ers To Try At Homes

There's a popular radio program entitled "Twenty Questions" that tests the mental reflexes of contestants and public alike. With the annual observance of Fire Prevention Week set for October 5-11 in the plant and throughout Oak Ridge a "20 Question" quiz is put for Y-12ers to apply to their homes so that the lessons of fire prevention

may be brought home to families as well as employees at work. It wouldn't be a bad idea for every Y-12er to make out his own in-spection sheet of the "20 Questions" and closely check his own dwelling place to make sure it does not contain fire hazards. Here are the questions:

1. Is there any rubbish, broken furniture or old papers in the attic, basement, closet, garage or yard?

2. How often do you dispose of

rubbish? 3. Are walls, floors and ceilings protected from overheated pipes,

stoves or furnaces? 4. Are ashes kept in covered metal barrels?

5. Are matches kept in metal boxes away from heat and children?

6. Do you ever use gasoline for cleaning or kerosene for starting

fires? 7. Do you have any frayed elec-

tric cords or defective electrical appliances? 8. Are fuses of proper size (us-

and oily rags kept in metal containers?

10. Is there a control on electric iron to prevent overheating?

11. Is there a fire extinguisher in the house and when was it last charged?

12. Are there plenty of ash trays in the house?

13. Do stovepipes pass through combustible partitions, attics closets?

14. Are chimneys in good repair and cleaned once a year?

15. Do you have screens for all fireplaces that fully cover open-

16. If roof is of wooden shingles, is there a spark arrester on the chimney?

17. What would you do if fire

broke out in your home?
18. Where is the fire alarm box nearest your home and what is the telephone number of the Fire De-

partment? 19. Do you know how to turn in fire alarm? If so, how?
20. Are curtains or other com-

bustibles near enough a stove or open flame to catch fire?

Dickerson Wins First, Third In Contest; Club Sets Salon Meeting For October 15 Deadline For Safety Lane

Herman L. Dickerson, of Iso- changed from October 7 to Wed- Inspection Set Saturday duction in in the color slide contest held in connection with the monthly meeting of the Carbide Camera Club on September 9. Second place went to William Marshall, of Oak Ridge National Laboratory. John Publicity.

R. W. Schroeder, president of the club, announced last week that the date for the annual salon places, one for architecture and meeting of the club has been one for animals.

nesday night, October The Y-12, won first and third prizes salon meeting will be held as a joint session with the Oak Ridge Camera Club. The complete pro-gram for the meeting will be announced shortly. Two members of the Carbide

Camera Club were among prize winners at the Knoxville fair last Havlicek, Tennessee Valley Authority photographer, spoke at the meeting on "Photographs for of the club and with the ANP Diof the club and with the ANP Division in Y-12, won a third place for a picture of a child under 15 years old and S. A. Hluchan, former president, took two third

The deadline for obtaining the red and blue Oak Ridge Safety Lane sticker for the last half of 1952 will be Saturday, September 20, and Y-12ers who have put off having the semi-annual safety inspection face a waiting line as lane officials have reported early reporting light.

The safety lane will be open Wednesday, Thursday and Friday of this week from 9:15 a. m. to 1:15 p. m. and 2 p. m. to 6 pc m. and on Saturday from 8:15 a. m. to 12 noon and 12:45 p. m. to 5 p. m.

Interesting Courses Offered By AEP

The most varied assortment of subjects ever offered by the Oak Ridge Adult Education Program will be presented during the 1952-1953 school year, according to an AEP booklet distributed last week. Many Y-12ers have enrolled in the night classes offered by the AEP in past years and more are expected to avail themselves of the opportunity to study various subjects during the coming months. Registration Underway

Registration for the fall quarter now is being held from September 15-19 at the AEP offices in the high school building and classes will begin next Monday, September 22. The fall quarter will end December 12. The an-nouncement also sets the 1953 winter quarter registration for January 2-5, classes beginning January and ending March 12. Registration for the spring quarter is set for March 13-16, classes starting March 16 and extending through May 21. The summer quarter en-rollment will be held May 22-25, classes opening May 25 and ending July 30.

An interesting list of 48 general interest courses has been arranged by the AEP and suggestions are asked for other subjects may be added in subsequent quarters if sufficient interest is shown. Business school, high school, secretarial, stenographic, junior accounting and clerical diploma courses also will be given.

Former Y-12er Is Director

Enrollment is open to any applicant more than 18 years old and a complete description and list of courses may be obtained from the AEP office. Office hours are Monday through Thursday from 1 p. m. to 5 p. m. and 6:30 p. m. to 9 p. m. A. C. Keller, Jr., a former Y-12er, is director of the organization and Miss Cynthia Bolton is secretary.

Wives Of Y-12ers Invited To Carbide Wives Meeting

All wives of Y-12 employees have been invited to attend the monthly meeting and card party of the Carbide Wives to be held at 7:30 o'clock tonight, Wednesday, September 17, in the East Lounge of the Ridge Recreation Hall. Bridge and canasta will be played. The executive board member in charge of the meeting will be Mrs. Richard Aiken.

They used to pay good dough in Y-12 for valuable suggestions but we are passing this one on to the Safety Department for freeand dare them to try it. Seems as how an industrial plant over in Memphis assigns a goat, with all the problems of odor, care and maintenance, to any department suffering from a lost time accident. The goat remains to be smelled and seen by employees of the un-fortunate department until some other group has an accident. That's where "getting his goat" is no

It sure is nice to hear from for-mer Y-12ers now in service—like

the letter received last week from Pvt. Kenneth M. Perkins, now in far-away Darmstadt, Germany, with Headquarters, First Infan-Division, Kenneth Perkins Writes Perkins—

"thank you for The Bulletin—it means a great deal to follow the news at Y-12 and my friends there. I am looking forward to being back with you next spring . . . It's a welcome relief to be with my new outfit after my stretch in a regu-lar footsoldier's outfit." Perkins was drafted into service on April 5, 1951, after working in Y-12 from April 17, 1950, in the Chemical Department. Here's his address for Y-12 friends — Pvt. Kenneth M. Perkins, 53075237, Hqs. 1st Inf. Div., Chem. Sect. APO No. 1, c/o Postmaster, New York, N. Y. Drop

Journalistic gem of the week-"the girl had five broken legs"from Knoxville morning paper.

Maybe it was a girl centipede. Capt. E. F. Greer, of the Fire Department, spent his vacation last week helping out at the T.V. A. & I. Fair in Knoxville.

Three simple souls from Stores went out on the town the other night to see what they could see at the fair in Knoxville. . . . Where Woody Palmer, Buzz Strunk and M. C. Bays ended up is pictured herewith after the trio went on a big binge of spun cotton candy, popcorn, muleburgers (they claim) and cokes. On their penitent (? return to Oak Ridge one wife was overheard to say it should have been the dog house instead of the

"jail" house in which they concluded their jaunt,

Engineering extends hearty congatulations to Joe E. Miller, who is the proud papa of a girl born born September 3, at Fort Sanders Hospital-little Susan Diane weighed eight and one-half pounds at birth. The department welcomes Harry D. Wills and G. H. Heins to the roster . . . Sympathy is extended to G. H. Heins at the recent death of his step-father, Roy E.

Health Physics and Hygiene had a weiner roast September 8 at the Grove picnic area honoring Bob McHargue and Don Ross who terminated last Friday, and Winnie Zimmerman, who is leaving the department this week . . . Congratulations go to "Sandy" Sanders, who is the proud father of a baby girl born September 4, at a Knox-ville hospital . . . Mary Stooksbury and her husband, Harold, were among the many Y-12ers who attended the fair in Knoxville . . J. D. Hall spent a pleasant week of vacation at home in Oak Ridge recently . . . Wilma Brock visited

in Mexico on her recent week of vacation . . . Mary Lou Wilson and her husband, Bill, visited his mother in a Chattanooga hospital recently . . . Hearty congratulations are extended to Sewell Brown, who was married in Pikeville, Tenn., September 12. His bride was the former Katherine Wheeler, daugher of Mr. and Mrs. Charles Wheeler, of Pikeville. After a short southern wedding trip the couple will be at home in Oak Ridge . . . Eddie Long is real proud of that boat of his even if it is in dry dock at Norris—he has been taking his co-workers on tours through it mainly to show off the most interesting fixtures he recently added—"You'll have to ask him about it," say the inspectors.

Medical extends get-well wishes to Jim Chambers, who is ill in the Oak Ridge Hospital.
The General Maintenance Offi-

ces welcome Lois Johnson to the roster . . . J. C. Bresnahan and his family have returned from a recent vacation trip to Miami Beach, Fla.

Mary Margaret Norton and Wilma Hoskins, also of Stores, just couldn't wait to arrive at their vacation spot so they flew to New York, spending the week therescorching their tonsils looking up at the skyscrapers and cooling their toes at Coney Island. Mary Margaret is back this week but Wilma has another week to go so she is

visiting other points north Inez T. Lowry spent last week's vacation hobnobing over the countryside . . . J. D. McGuffin is vacationing this week and he says for everybody to have their rain togs ready as it never fails to spoil his plans-nevertheless he hopes to do a lot of squirrel hunting and some fishing . . . Get-well wishes go to Eva Russell, C. M. Llewellyn, and Beverly Valliant, who are all on the ailing list . . . B. A. Shepherd spent a week's vacation in Oak Ridge . . . C. E. Beckham vacationed in Knoxville, last week.

ents Department, and his wife are

Miss Vivian Jeanette Braden

visiting her folks near Gatlinburg, this week.

The fellows in the Materials Chemistry Division who attended the AiChE meeting in Chicago, Ill., last week were **Dr. C. A. Blake, Jr.**, Warren Grimes, K. B. Brown, N. V. Smith, K. O. Johnsson, Dave Crouse, A. D. Ryon and F. L. Daley Virginia S. Coleman is accom-

panying her husband, Charles, to Atlantic City, N. J., this week where he is attending the ACS meeting . . . Warren Grimes is meeting . . . Warren Grimes is vacationing at his home in Indiana this week . . . Dr. J. G. Suark left Y-12 last Friday to return to Marquette University, Wis., where he is professor of chemistry.

Evan Means, of Electrical Maintenance, is spending this week's vacation on a camping-exploration jaunt along the coast of North Car-olina . . . Get-well wishes go to J. R. Helton, who is a patient in the Oak Ridge Hospital; also to E. E. Guy and B. W. Beckham, who are still ailing.

J. B. Kendricks, of the Laundry, is enjoying a week's vacation at home in Edgemoor and in Nash-ville, Tenn. . . R. W. Malone is vacationing at home this week in Lenoir City . . . The department extends congratulations to Virginia Creekmore, a former member of the department, who is the proud mama of a baby daughter born September 8, at Fort Sanders Hospital in Knoxville. Little Mary Lois weighed five pound and 12 ounces at birth.

Shirley Reagan, of Plant Records, and her daughter vacationed in Jacksonville, Fla., recently, vis-iting a cousin there—they went on down to St. Augustine, for a day of sight seeing . . . Bobbye Jesse spent the week end visiting her parents, Mr. and Mrs. George Kincaid, in Athens, Tenn.

"Fiz" Tucker, of the Cafeteria, is visiting Beatrice Smith, a for-

mer co-worker, in Prattsville, Ala., while on vacation this week.

Lillie Cobble, of Transportation, and her husband, Ernest, of Buildings and Grounds, have as guests this week Lillie's brother and cister-in-law, Mr. and Mrs. Jack Herrington, of East St. Louis, Ill. The Cobbles are vacationing this week to entertain them—they plan to spend most of the week fishing over at Norris.

Building and Grounds reports that J. C. Crow is spending a week of vacation up in La Porte, Ind., Kyle Reed, of the Superintend-along with the missus and their Continued on Page 4

BRADEN - DAKE

Miss Vivian Jeanette Braden, of the Y-12 Uranium Control and Computing Department, will be married to A/2c Donald Loyd Dake, 663rd A. C. and W. Squadron of the U. S. Air Force, stationed at Bryceville, Tenn., the ceremony to take place on Saturday, September 20, at the First Baptist Church, Lake City. The wedding vows will be said at 6:30 p. m. with the Rev. M. W. Bodlien, pastor of the church, officiating.

The bride-elect is the daugute of Mr. and Mrs. McKinley Brades of Lake City. The groom is the son of Mrs. Ova Dake, Ada, Okl

Miss Braden will be given in marriage by her father. Miss Audrey Braden, a sister of the bride-elect, will be maid of honor. Other attendants will be Misses Marjorie McCulley, Nadine McLaurine and Annette Kendig, bridesmaids. Miss Barbara Kendig will carry the bride's train and Miss Brenda Kendig will be flower girl.

During the ceremony nuptial music will be offered by Mrs. Carl Alley, organist; and Charles Thomas, vocalist.

Best man will be A/1c Phillip Peters and ushers will be Charles Job and Larry Brewer, all of the same Air Force unit as Dake. Following the services, a recep-

tion will be held at the church.
Miss Braden attended Lake City High School and Dake graduated from the Ada High School.

MITCHUM-SMITH

The wedding on Saturday, August 30, of Miss Ila Dean Smith to Leonard Lofton Mitchum, Jr., of the Engineering Department of the ANP Division in Y-12, was announced last week. Both are residents of Anniston, Ala., where the ceremony was performed at Northside Baptist Church by the Rev. C. R. Till.

The bride is the daughter of Mrs. Clyde A. Smith and the late Mr. Smith, of Anniston. Parents the groom are Mr. and Mrs. L. L. Mitchum, Sr., also of Anniston. Both the bride and groom are graduates of Anniston High School and he attended the Alabama Polytechnic Institute at Auburn, Ala., where he received a bachelor of science degree in mechanical engineering.

The wedding was performed before a nuptial setting created by standards of white gladioli and burning tapers in wrought iron candelabra. At her wedding the bride wore a ballerina length dress of white organdy, a hat of white lace and carried a white prayer book topped with a white orchid. Matron of honor was Mrs D. William Phillips, Jr., sister of the bride, who was given in mar-riage by her brother-in-law, D. William Phillips, Jr. Best man was the father of the groom.

Y-12ers Are Urged To Be Certain Of Voting Qualification

although living, is dead as far as his or her country is con-

cerned because he or she is not registered to vote and cannot cast a ballot in the all-important election on November 4.

Sure, Novem-

Let's hope that there are no way off yet — and even if the Persons who should ascertain lutely certain of his or her qualiombies among the Y-12 family voter's mind is not definitely right away as to their status as fication as a voter should do so of voting age this year. What is made up on which party will a Vombie? It is a person who, obtain his choice there still is time to determine that selection.

However, there is much less time to determine even a more important fact-are you eligible to cast that important vote on November 4? Right now is the

time to find out.

Most Y-12ers were properly registered and participated in the primary elections last month and are eligible to vote in the November battle of ballots. However, there are some who are not eligiber 4 is a long ble-for various reasons.

voters are women who have immediately. How? changed their names through marriage and any person, man or woman, who has changed residential addresses since last registering. Of course, persons who have recently moved to Tennessee and who had not established residential qualification by August but will have fulfilled the requirement before the November election also must register.

The deadline for qualifying to vote in the November 4 election is October 15.

So any Y-12er who is not abso- 9 a. m. to noon on Saturday.

Game Protest Delays Tourney

Completion of the Y-12 plant softball tournament, originally scheduled for last Thursday night, was delayed because of a protested game that had to be replayed. As a result, the tournament was not slated to be finished until Monday night of this week when the Bums and 49ers, both of the Carbide League, were to meet for the tour-

nament title. Bums Win Protest, Game

The protest was filed by the Bums against the Engineers for using an alleged inclibile player. The matter was taken to the board of control, which declared in favor of the Bums. The Engineers had scored a 7 to 6 victory in the disputed contest, but in a replayed contest the Bums bounced their opponents by 15 to 8, thereby advancing to the finals.

The Uranium Control Junior Varsity, undefeated in second half action in the Carbide League, trounced the Short Circuits by 23 to 1 but were ousted from the tour-

The 49ers barely stayed in the tournament in their clash with the Guards, ekeing out a 5 to 4 win in the last of the seventh with a the ball got through him and Wylie tims.
made the circuit. The Bums kept Jac their winning streak going with a 12 to 7 trimming of the Peons.

Line scores of games last week to the finals follow:

Rippers Take First Rung In B League

The B League of plant keglers continued to scorch the hardwoods last week as the Rippers roared to the front with a three point win nament by the 49ers by the score of 8 to 1 as Ed Sise held the UCJVs to one lone bingle. Henck and Ridings both got homers for the cls. previously tied with the Rippers for top spot, dropped to third place as they fell before the Bums for three points. In other engagements the Wasps stung the All Stars and the Tigers thumped the pair of runs. George Wylie slapped an ordinary hit to right field for and the Has Beens, whitewashed the 49ers in that inning with a man ahead and the team trailing by one run. The Guards' right fielder tried a shoestring catch but of the night with the Cubs as victorial to the first trip to the alleys the previous week, turned the tables and had the only four point win of the night with the Cubs as victorial trial trip to the alleys the previous week, turned the tables and had the only four point win of the night with the Cubs as victorial trip to the alleys the previous week, turned the tables and had the only four point win of the night with the Cubs as victorial trip to the alleys the previous week, turned the tables and had the only four point win of the night with the cubs are the first trip to the alleys the previous week, turned the tables and had the only four point win of the night with the cubs as victorial trip to the alleys the previous week, turned the tables and had the only four point win of the night with the cubs are the previous week, turned the tables and had the only four point win of the night with the cubs are the tables and had the only four point win of the night with the cubs are the tables and had the only four point win of the night with the cubs are the tables and had the only four point win of the night with the cubs are the tables and the tables are the tables are the tables and the tables are tables are the tables are tables are the tables are tables are

> Jack McLendon, of the Has Beens, had the best single game scores of the night, 221 scratch and 254 with handicap. Joe Pryson, rolling for the Wolves, had a 583 scratch series and Roy Roberts, of the Has Beens, a 672 handicap series for tops of the night. The Has Beens swept all team scoring honors with 909, 1051, 2588 and 3029 across the board, all being high for the reason. high for the season.

Bldg. 9212 Victory In Tourney Brings Third City Softball Championship Of Year To K-12

Plant League Team Defeats K-25 A Rams In Final 6-5542* * * Round Of Class B Event; Five Victories Posted

A game and battling softball team from Bldg. 9212 scrapped its way through a gruelling five-game slate to win first place in the Oak Ridge Class B Tournament last week at Middletown Park. The victims of the Y-12ers in the final game of the tournament was the K-25 A

Rams, one of the pre-tourney favorites who were trimmed by Manager Harry Keen's "12s" to the tune of 4 to 2.

It was the third city softball championship to be nailed down by Y-12 teams in the span of less than one month. Back in the middle of August the Y-12 Red Birds and Robins, the masculine and feminine Class A teams of the plants, blasted the two K-25 teams for the Oak Ridge crown. Both Y-12 teams went on to make excellent showings in the state tournament at Chattanooga before falling by the wayside.

wayside.

In their tour to the title the "12s" toppled the Xs, a team of former service men, 7 to 1. Then the K-25 Laboratory outfit was spilled by 14 to 3. Bldg. 9212 then turned on the Y-12 49ers to advance by the score of 10 to 9 in a squeaker. Another one-run victory in the semi-finals saw Bldg. 9212 licking the Oak Ridge Nation-al Laboratory Engineers by 9 to 8.

How The Victors Triumphed

In the championship game the teams battled to a scoreless draw for three innings before the Y-12ers broke the ice in the fourth. Bill Hamill tripled with one away and Andy Wright singled for the first tally. The "12s" iced it in the sixth with three runs when a couple of fielders choices and a costly error figured prominently in the scoring. One was out when Johnson walked. Hamill slapped one at Lawson, K-25 pitcher, who threw into center field trying to nab Johnson, who ambled to third base. Hamill swiped second. Then Wright banged another at Lawson and the Rams' hurler threw late to the plate, unsuccessfully trying to nip Johnson. Wright promptly stole second and scored with Hamill when Campbell singled.

The Rams pushed across a pair of runs in the seventh inning when the Y-12 play became somewhat jittery. However, the champions took a hitch in their belts and

same number the victors got off Lawson. Bailey whiffed six and walked but one.

In turning back to the ORNL Engineers the victors took an early lead but the Labbers pulled up even at four-all with a fourth inning rally. The Engineers of ORNL pulled out in front in the sixth but Bldg. 9212 came back with three runs for their one-run margin. Homers by Marlar and Hamill featured the Bldg. 9212 at-

Industrial Engineering **Courses Given By UT**

Courses in industrial engineering that could be of interest to many Y-12ers will be offered in the fall quarter of the University of Tennessee Knoxville Extension Center, the prospectus for the classes has announced. Registration for these and other courses at the college level will be held from 6:30 to 9:30 p. m. next Monday, September 22, in Room A-129, Oak Ridge High School.

Classes will begin Wednesday, September 24, at the University of Tennessee, Knoxville, and the fall quarter will end December 1.

Other courses offefred by the university in its extension center work are two in accounting and one each in business law, English and history.

The courses carry university credits toward a degree if the stu-dent desires. Application blanks are available at the Y-12 Training Department, Bldg. 9704-2, and further information may be obtained from the University of Tennessee, Knoxville, telephone 4-2981, Extension 354.

Son Of Y-12er Wins **Auto Body Contest**

Continued from Page 1 such sketches and drawings in three months of preliminary work before starting the actual construction of the model, which required three months more to

Painting Most Troublesome

According to the youth's father, the most troublesome angle of the construction work was the final stage of painting the model. A total of 15 coats of primer sealer were required before the desired results were obtained and then 12 coats of outer coating were needed. Several successive applications of the outer paint by brush did not give the desired finish because of streaking or lumping of the paint. So the lad finally used the sprayer of the family vacuum cleaner that produced a fine and smooth finish. The model is painted in Caribbean red, a rust shade, and Caire cream.

The model is being retained, at least temporarily, by the Fisher Body Co. to display with other winners in Detroit.

Golf League Crown At Stake This Week

The red hot Y-12 Plant Golf League second half race is going right down to the wire with two matches this week being needed to decide the title. The Rippers, with a one point lead, meet the Rebels in one engagement. The Rough Riders, in second place, play the Turf Riders. The Rough Riders last week prevented the Rippers from taking the title at that time by taking two points in a match.

AEC Clips Orioles For Blooper Title

The Y-12 Orioles bowed out of the Oak Ridge Slow Pitch League Atomic Energy Commission outfit captured the season's championship by whipping the flock of Manager Elmore Koons by 10 to 9. The Orioles spotted the AECs a 9 to 2 lead in the opening rounds and staged a game comeback, but the tying run was cut down at the plate in the last of the seventh to squelch the Y-12 hopes. Braden and McWright each got three for four for the Orioles.
